

HOARDINGS360 for Media Owners

2026-09-17 · @Someone

Know every board. Sell every day. HOARDINGS360 keeps your permits legal, your contracts on track and your boards sold before they go empty — and we set it all up for you.

Every empty board costs you about ₹1 lakh

When a campaign ends and no buyer is waiting, the board sits empty, a "call this number" flex goes up, and a crew has to come back twice. On a typical board, that adds up to ₹1,08,800 each time.

What happens	Typical cost
45 days empty at a ₹60,000 / month card rate	₹90,000
Printing your own "vacant" flex, 400 sq ft at ₹22 / sq ft	₹8,800
Crew and hydraulic lift to put that flex up	₹5,000
Crew again to strip it and mount the new client's creative	₹5,000
Lost every time one board goes empty	₹1,08,800

An owner with 200 boards sees roughly 60 turnovers a year. That is about **₹65 lakh a year** leaking out quietly, because nobody counts it.

And the risks you can't see are worse:

- **A permit lapses unnoticed.** Municipal licence, traffic police NOC, structural certificate and electrical clearance each have their own authority and expiry date, sitting in a physical file. One missed renewal can mean a penalty, a sealed structure or a campaign stopped midway.
- **You find out about a vacancy when a client mentions it.** Your sales team doesn't know a board is free until it already is.
- **You can't tell which boards make money.** Land rent, electricity, local body tax and repairs live in receipts and WhatsApp, not against each board.

- **Clients keep calling to ask "is my ad up?"** With no proof, start dates get disputed.

Figures are illustrative, based on typical mid-market rates; we will run the numbers on your own boards in the demo.

What HOARDINGS360 does for you

HOARDINGS360 is one system for your whole outdoor business: every board, permit, contract and rupee in one place, with a public marketplace that brings you buyers.

1. Sell boards before they go empty

- **See which boards go free next** — a list of every board becoming vacant in the next 30, 60 or 90 days.
- **"Available from 01 October"** — 30 days before a contract ends, the board is listed for buyers while the current ad keeps running. No vacant flex, no double crew visit.
- **Renewal reminders to your team and your client** — the sales executive is alerted early, and the client can get a polite reminder too.
- **Special offers** — put a discount on boards going empty and send it to past clients on WhatsApp in a few clicks.
- **No double booking** — the system refuses two contracts on the same board for the same dates.

2. Never lose a permit

- **Every clearance tracked separately** — municipal licence, traffic police NOC, structural stability, electrical safety, landowner permission, highway permission, each with its own authority and expiry.
- **Reminders at 90, 60, 30, 15 and 7 days**, then every day after expiry, on WhatsApp and email.
- **Risk dashboard** — expired, expiring in 30 days and missing documents, with one click to the board.
- **Illegal boards are never sold** — a board with an expired permit is taken off sale automatically.

3. Know your business every morning

- **Dashboard** — boards occupied and empty, permits at risk, contracts ending with value at stake, money lost on empty boards.
- **Live campaigns** — every running ad, with client and days left.
- **Revenue dashboard** — money by month, board, client and district, including revenue per board.
- **Map of all your boards** — coloured by booked or empty, legal or at risk.

4. One page for every board

- **Board 360** — location, sides, sizes, lighting, photos, rates, permits, contracts and documents together.
- **Board history** — past campaigns, tax receipts, electricity bills and repairs on one timeline.
- **Two-sided and multi-panel boards** — each face sold, priced and tracked separately.
- **Document vault** — every licence, agreement and bill stored safely; old versions kept, nothing ever deleted.

5. Run field work without WhatsApp chaos

- **QR sticker on every board** — your technician scans it and the right board opens.
- **Proof the ad is up** — photos stamped with location and time go into a ready report for your client. Start-date disputes stop.
- **Complaints and repairs** — log a fused light or torn flex with a photo and track it until it is fixed. If the board is occupied, your account manager is told first.
- **Works offline** — photos save on the phone and upload when the signal returns.

6. Win buyers and close faster

- **Your boards on the marketplace** — brands and agencies search by city, road, size and dates, and send enquiries straight to you.
- **You control prices** — show your card rate, show a range, or give price on request.
- **Proposals in 10 minutes** — select boards on a map and get a branded PDF or PowerPoint with photos, map and rates, plus a link your client can approve online.
- **Sales pipeline** — every enquiry becomes a lead with an owner and a follow-up date.

7. Get paid and see real profit

- **Quotes, e-signed agreements and GST invoices** created for you; clients pay by UPI, card or net banking.
- **Who has paid, who is overdue**, with automatic reminders; export to Tally or Zoho.
- **True profit per board** — revenue minus land rent, electricity, tax and repairs, so you know which boards to renegotiate, reprice or retire.

8. Your team, your rules

- **Role-wise access** — sales sees rates but never your floor price or costs; technicians see only their own jobs.
- **Full audit trail** — who changed what and when.

How it rolls out

You start with the tools that stop losses on day one; the marketplace, payments and deeper operations switch on in stages. Founding Partners get each stage first and help shape it.

Stage	What you get	Timing
1. Your operating system	Board 360, bulk import, permit tracker and reminders, contracts, live campaigns, revenue dashboard, board history, upcoming vacancies, documents, team access	Private beta, months 2–4
2. Field and proof	QR stickers, proof-of-display photos and reports, complaints and repairs, WhatsApp alerts, client renewal reminders	Month 5
3. Marketplace goes live	Your boards listed for brands and agencies, enquiries and price requests, holds, "Available from" listings	Months 6–8
4. Sell faster	10-minute proposals, campaigns across many boards, sales pipeline, special offers, featured placement	Month 9

Stage	What you get	Timing
5. Get paid online	Quotes, e-signed agreements, GST invoices, online payments, overdue tracking, Tally / Zoho export	Months 10-12
6. Full operations	Technician job dispatch, land rent and electricity tracking, suppliers, board health score, true profit per board	Months 13-16
7. Market intelligence	Pricing suggestions, vacancy forecasts, advanced reports	Months 17-24

The marketplace opens only once it has at least 3,000 verified boards from 25 or more owners, so buyers find real choice from their very first visit.

Getting started: you won't type a thing

Our team visits your sites, photographs every board day and night, captures GPS, records sizes and enters your permits. You spend under 2 hours of your own time.

```

A[Demo on your<br/>own boards] --> B[Sign up]
B --> C[Share your Excel<br/>+ permit files]
C --> D[We import<br/>your boards]
D --> E[Our squad visits:<br/>photos, GPS, sizes]
E --> F[Permits and<br/>contracts entered]
F --> G[Team invited,<br/>alerts switched on]
G --> H[First permit<br/>reminder arrives]
```

Step	What we do	What you do	Time
Demo	Load 20-30 of your boards before we meet and show your permit and vacancy exposure	Take one meeting	Day 0
Import	Load your existing Excel sheet, fix errors with you, flag duplicate boards	Share the sheet you already have	Days 1-2

Step	What we do	What you do	Time
Site survey	Photograph day, night and approach views; capture GPS; record sizes and lighting; fit QR stickers	Give site access details	Week 1 onwards
Permits and contracts	Enter every clearance and active agreement with expiry dates	Share permit files and contract list	Week 1
Go live	Invite your team with the right access; switch on WhatsApp and email alerts	Nominate who gets which alerts	Within 5 working days
Support	A named onboarding manager and a direct line to our product team	Monthly 30-minute feedback call	Ongoing

Founding Partner offer

The first 25 owners in each state get HOARDINGS360 free for 12 months, with their boards digitised at no cost. The offer closes at 25 owners or when the marketplace launches in your state, whichever comes first; after that, list price applies.

You get	You give
Free digitisation of up to 150 boards: day and night photos, GPS, sizes, permits entered	Access to your inventory records, permit files and sites
12 months free on the Professional plan, then 40% off for life	A commitment to keep availability current and reply to marketplace enquiries within 24 hours
Priority placement on the marketplace for the first 6 months	A written testimonial and up to 4 reference calls a year
A direct line to the product team and a real say in what we build next	A monthly 30-minute feedback call during the early period
Joint case study, PR mention and your logo on our site	Permission to use your name and results publicly

Plans and pricing

You pay for the boards you manage, not a flat fee, so a small owner never pays for a large owner's features.

Plan	Boards	Price per month	What's included
Listing	Up to 10	Free	Marketplace listing, basic board records, enquiry inbox
Starter	11–75	₹2,499 + ₹25 per board above 25	Board registry, permit and tax tracking, alerts, document vault, occupancy dashboard, 3 users
Professional	76–400	₹5,999 + ₹20 per board above 75	Starter, plus WhatsApp alerts, field app, proof of display, complaints and repairs, proposal builder, sales pipeline, 15 users
Enterprise	401–2,000	₹19,999 + ₹15 per board above 400	Professional, plus job dispatch, land leases, profit per board, suppliers, advanced reports, single sign-on, unlimited users
White-label	2,000+	Custom annual contract	Your own domain and branding, dedicated setup, priority support

Example owner	Plan	Monthly	Yearly	Compared with
50 boards	Starter	₹3,124	₹37,488	About a third of one empty-board turnover
200 boards	Professional	₹8,499	₹1,01,988	Less than one empty-board turnover (₹1,08,800)
200 boards, Founding Partner, year 2	Professional at 40% off	₹5,099	₹61,188	First 12 months free
600 boards	Enterprise	₹22,999	₹2,75,988	Under three empty-board turnovers

Prices are indicative. We don't discount the list price; we offer annual prepay terms and free digitisation instead.

Your questions answered

You might ask	Our answer
Will competitors see my boards and rates?	You decide per board: show the card rate, a range, or price on request. Your floor rates, costs, client names and contract values are never public.
Will you become my competitor?	No. Our written neutrality policy says HOARDINGS360 never owns, leases or resells boards and never acts as a media buyer.
Is my data used for anything else?	Only with your permission. Any market benchmark reports are strictly opt-in and anonymised, never at single-board level.
Excel works fine for me.	Excel won't message you 90 days before a licence expires, and it can't sell a board while the current campaign is still running. Can you say right now which of your boards is free next month?
My staff won't use software.	Your technicians already use WhatsApp. The field app is a QR scan and two photos, and it proves they did the job.
Typing in 300 boards will take months.	You don't type anything. Our team imports your sheet and visits your sites to photograph and record every board.
Is it expensive?	One missed permit renewal or one 30-day vacancy costs more than a year of the Professional plan. We'll show you the number from your own boards.
Come back when you have buyers.	That is exactly why the first 25 owners get free digitisation and lifetime pricing. The permit and vacancy tools pay for themselves before the marketplace opens.

You might ask	Our answer
Do you take a commission on my deals?	Not on deals you bring in yourself. A 5% commission applies only to bookings from buyers who found you on HOARDINGS360, starting when online payments launch, with 60 days' notice.
What if I leave?	Your data is yours; you can export your boards, permits, contracts and history as Excel at any time.

Next steps

Joining takes one meeting and one spreadsheet; we do the rest.

1. **Book a demo on your own boards.** Before we meet, we load 20–30 of your structures and show your permit and vacancy exposure.
2. **Send us what you already have.** Your board list in any Excel format, plus your permit files and active contracts.
3. **Sign the Founding Partner agreement** while places in your state are still open.
4. **Our squad digitises your boards**, and your team is live within 5 working days.
5. **Get your first permit reminder**, and see your vacancy loss in rupees on the dashboard.
